## About Fuse Capital

Fuse Capital breaks the mould of traditional finance and advisory for technology firms. Operating since 2013 with clients in the UK, Europe & Asia, we have helped over 350 clients secure bespoke private debt solutions. Our passion for supporting entrepreneurs and our access to the most innovative private debt funds enables us to help accelerate growth in scaleup businesses.

We pride ourselves on our financial acumen yet are unlike traditional finance people. There are no suits worn in our office, instead, you will meet a team of diverse and young minds looking to connect and collaborate.

Fuse Capital follows a flat hierarchy methodology; everyone's voice is heard and encouraged. We enjoy the flexibility of hybrid working and believe that by bringing the right people together at the right time, our Y-O-Y growth trend will continue, and we will become the dominant player in our chosen market.

## Job Overview

Due to rapid expansion, we are looking to hire a dedicated and experienced Business Development Executive to work with the Origination team. You will be researching businesses, via press, databases and social media to identify new trends, markets and, ultimately, new target clients. You will need to be strategic in your approach, creative with the ability to think outside the box, and proactive to go out into the market and make connections.

As a BDE you'll frequently liaise with marketing and finance, so commercial awareness and good business sense are essential. You will be identifying, qualifying and speaking to new prospects, tracking your leads in or CRM daily, and producing pitches and presentations for clients as they move through our account development process.

This role is ideal for someone who wants to learn about a new finance category in a high growth sector. You are effectively working with a customer base that will likely yield the next Lime, Revolut, or Peloton. This role could be a gateway into a senior sales role or, if numbers are your thing, a route into our Deal Structuring team where we have some top-level Analysts and Investment Managers to mentor you. Whatever your aspirations, if you're dedicated and ambitious, Fuse Capital is an excellent place to build your career.
